

# Joanne Gerber

Joanne Gerber is a profoundly gifted internationally recognized Psychic Medium from the Boston Massachusetts area who is known for her natural ability to bring through evidential messages from those in the spirit world. Spirit communication validates the existence of another world, the spirit world, a place not separated by distance, but by dimension. The spirit world exists on a different vibration than our material world. It is helpful to think of it as a frequency, much like a radio has many different frequencies. As a medium, Joanne demonstrates her abilities as a clairaudient, clairvoyant and clairsentient, attuning herself to this higher frequency along with the effort of those in the spirit world to allow the spirit communication to take place. The communication process of mediumship is a bridge between two worlds that connects us with our spirit loved ones, helping to bring closure, resolve and healing.

Joanne radiates truth and integrity in all of her work as a medium and spiritual teacher, and is sincerely devoted to her work with spirit. Joanne's intention is to help others on their spiritual journey through spiritual education and enlightenment.

Joanne holds a Bachelor of Science degree in Business Administration and Marketing, is Reiki Certified, and is certified in both Clinical and Metaphysical Hypnotherapy, and holds a certificate of achievement signifying outstanding performance of mediumistic ability. Joanne is a member of the International Association of Counselors and Therapists and the American Board of Hypnotherapy.

In February 2007, after completing a nine step screening process, Joanne was welcomed as an Integrative Research Medium with The University of Arizona VERITAS research program directed by Gary Schwartz, Ph.D. and Julie Beischel, Ph.D. VERITAS is a scientific integrative research program dedicated to discovering the truth about the survival of consciousness and the continuity of life. Many other noted mediums have participated in the University of Arizona's mediumship research program including John Edward, from the hit television series "Crossing Over with John Edward."

In March 2007, Joanne was awarded a Certificate of Mediumship Proficiency by *The Forever Family Foundation*, in recognition of Joanne's completion of the Medium Certification process and acknowledging achievement of Joanne's proficiency in her ability of Spirit Communication through means that are neither deceptive nor fraudulent. Forever Family Foundation is a highly respected not for profit organization that provides many forums and resources for individuals and families who have suffered the loss of a loved one, providing support, information and services, through the ongoing research into the survival of consciousness and afterlife science.

As of January of 2008, the post-doctoral fellowship position of VERITAS Research Program Co-Director Julie Beischel, Ph.D. was completed, bringing the VERITAS Research Program to a close. In January of 2008, Joanne was invited to continue to participate as a Certified Research Medium in the new mediumship research program, under the direction of Dr. Julie Beischel at the Windbridge Institute for Applied Research in Human Potential.

Joanne is a guest speaker at holistic health expositions, spiritual centers and colleges, and is a frequently requested guest on many international, local and internet radio shows. Joanne has appeared on national television, including the *NBC Weekend Today Show*, and has been featured in many media articles, both in print and online. Joanne is also a featured psychic medium for The Boston Globe newspaper online edition, boston.com "*Chat with Psychic Joanne Gerber*".

Joanne teaches classes and workshops throughout the United States, and is available for lectures, demonstrations, group and private readings.
